104 minutes

Taking place in pre-war England, aging sisters Ursula and Janet live peacefully in their cottage on the shore of Cornwall. One morning following a violent storm, the sisters spot from their garden a nearly-drowned man lying on the beach. They nurse him back to health, and discover he is Polish. They learn his name is Andrea and that he is a particularly gifted violinist. His boat was on its way to America, where he is headed to look for a better life. It does not take long for them to dote on him.
PG-13 for brief strong language

June Movie
Testament of Youth
stars~ Alicia Vikander, Kit Harington
(2014) PG-13, Biography, War, Romance, Drama
129 minutes

Testament of Youth is a powerful story of love, war and remembrance, based on the First World War memoir by Vera Brittain, which has become the classic testimony of that war from a woman's point of view. A searing journey from youthful hopes and dreams to the edge of despair and back again. It's a film about young love, the futility of war and how to make sense of the darkest times.

PG –13 rating for thematic material including bloody & disturbing war related images
