National Weather Service Skywarn - Weather Spotter Class

Learn how to report weather phenomena and more importantly, learn what kind of weather to report and when to report it.

Monday

April 17, 2017

7:00 pm – 8:30 pm

Bay-Arenac ISD

Career Center

4155 Monitor Rd

Bay City, MI 48706

Tornados, flash floods, hail, windstorms and lightning (thunderstorms) are all natural occurrences over which we have no control. With your help, we can provide the precious time needed to inform the community of severe weather.

Anyone interested in learning more about becoming a **Skywarn - Severe Weather Spotter**, and how to report severe weather should attend this class. If you are interested in attending or for more information contact **Ryan Manz** of the Bay County Emergency Management Division and ask to register for the class. The Registration deadline is: April 14th, 2017.

For Registration Information:

Phone: (989) 895-4112
E mail: manzr@baycounty.net
Fax: (989) 892-3744
Website: <http://www.baycounty-mi.gov/ESHS>

First Responders, Schools, Daycares,
Nursing Homes and Senior Centers
are all **recommended** to have a
representative attend the Weather
Spotter training.
