

Mid Michigan Community Action's Weatherization Program

Put Weatherization to Work for You!

- Weatherization is a FREE service
 - to eligible* households
 - to help homes use less energy
- Weatherization works by:
 - Reducing energy costs for families
 - Energy education is provided - helping residents to realize long-term savings.
 - Addressing health and safety concerns.
 - Adding value to the home, which improves the surrounding neighborhood.
 - Making homes warmer and more comfortable.
- How does it work?
 - Professionally trained energy auditors evaluate your home.
 - Energy efficiency measures that are the most cost-effective and essential for the health and safety of the homeowners are performed.
 - Households that receive Weatherization Services can expect heating cost to be reduced by 15% to 50%.

*All MMCAA programs are subject to eligibility requirements and availability.

Steps Taken to Weatherization

- Contact your local Mid Michigan Community Action Outreach County Office and set up an appointment. Or call 989-386-3805 for more info.
- Complete application and provide required documentation:
 - Proof of all household income for the last 3 months
 - Fuel cost for the last 12 months
 - Electric cost for the last 12 months
 - Social Security Card for each member of the household
 - Proof of residency
 - Proof of home ownership
- Application is reviewed by Weatherization staff.
- Household is informed of eligibility and an appointment is made for the Pre-inspection.
- After energy audit is completed, work is contracted.
- Post inspection is completed when all work is done.
