

# Bay County Mosquito Control

## Homeowner Checklist

- Aerate ornamental ponds or add mosquito-eating minnows to control mosquito larvae
- Change bird bath water twice weekly
- Empty and store plastic wading pools and toys that catch water
- Throw away or cover cans, jars, containers, buckets, pails and watering cans
- Replace plant saucers with "pot feet" or fill saucers with pea gravel
- Drain or recycle old tires and store new tires under cover
  - Keep lids closed on garbage containers
  - Clean or replace clogged roof gutters and downspouts
  - Level low spots and tire ruts in your yard with sand or dirt
  - Store wheelbarrows, utility carts and wagons inside
  - Empty boat covers and vehicle tarps frequently
