Subject: 2040 LRTP questions/clarifications

Hi Dave. Here are some observations/comments/questions I had when looking over the Bay 2040 LRTP:

- P. 8 – last paragraph – “triennially in non-attainment areas” should be “every four years in non-attainment areas”
- P. 10 – I am listed as being a voting member but shouldn't be
- P. 21 – change “0.09 to 1.1” to “0.90 to 1.1”?
- P. 78 – the \$30,534 – is it derived from adding the \$8,514 from p. 49 plus the \$22,020 on p. 50? If so, the labels don't seem to match, with the \$30,534 being labeled as “identified” projects and the \$22,020 labeled as “not specifically identified”. Please clarify.
- P. 49-50 – why are there no projects listed beyond 2020?
- Perhaps I missed it but where was the environmental mitigation discussion (per 23 CFR 450.322(f)(7)) and environmental consultation (per 23 CFR 450.322(g)) ?
- Consider adding in some text (less than a page) at the beginning of the report acknowledging MAP-21 and how it might shape the planning in the region in the near future. This is not a requirement, but simply an idea.
- Please see attached comment from FTA.

Conference call is at 4pm tomorrow; use phone # 877-940-1278, code 9443760
