# National Weather Service Skywarn - Weather Spotter Class

Learn how to report weather phenomena and more importantly, learn what kind of weather to report and when to report it.

**Tuesday**

**April 3, 2012**

7:00 pm – 9:00 pm

Great Lakes Bay Chapter

American Red Cross

228 Washington Ave.

Bay City, MI 48708

Tornados, flash floods, hail, windstorms and lightning (thunderstorms) are all natural occurrences over which we have no control. With your help, we can provide the precious time needed to inform the community of severe weather.

Anyone interested in learning more about becoming a **Skywarn - Severe Weather Spotter**, and how to report severe weather should attend this class. If you are interested in attending or for more information contact **Chris Izworski** of the Bay County Emergency Management Division and ask to register for the class. The Registration deadline is: March 27, 2012.

#### For Registration Information:

**Phone:** (989) 895-4112  
**E mail:** [izworskic@baycounty.net](mailto:izworskic@baycounty.net)  
**Fax:** (989) 892-3744  
**Website:** <http://www.baycounty-mi.gov/ESHS>

First Responders, Schools, Daycares, Nursing Homes and Senior Centers are all **recommended** to have a representative attend the Weather Spotter training.

Co-sponsored by: The American Red Cross and Bay County Emergency Management
