

Iris Folding Greeting Card Class "Christmas in July"

Location: Riverside Dining Center
800 J. F. Kennedy Drive, Bay City, 48706

Our first class was so successful, participants wanted to continue with holiday cards. Iris folding is a fun way to make beautiful greeting cards. The word "Iris" refers to the iris of an eye or camera. In iris folding, strips of paper are layered upon each other to give a pattern similar to the iris of a camera. It's fun and easy to do and the results look magnificent. Your finished product will produce 3 beautiful holiday cards with envelopes. (Bring your own scissors).

Project is available for viewing at the Riverside Dining Center. Instructor: Carolyn Johnson
